

“...I have come to see pro bono service as a tool that enables us to immediately engage the wider population...and to begin to address the monumental need around us.”

-**Marjora Carter**, founder of
Sustainable South Bronx

Lightroom Studio wants to work with you! Lightroom has long worked on pro-bono projects in the Atlanta community and now we would like to **help you create an identity for your non-profit organization by helping to design a new logo and website**. Our design services will be offered to you free of charge. All we ask is that you are creative and interested in collaborating with Lightroom on this design project. Please fill out the following questions, using an extra sheet if necessary.

Organization Name: _____

Contact: _____

Address: _____

Phone Number: _____

E-mail: _____

Please mail your completed application to: Lightroom Studio
115A N McDonough Street
Decatur, GA 30030
or email: contact@lightroom.tv

Who are you and what do you do? Tell us about your organization. Please include any current logos or websites for your organization.

Please list your current needs in terms of design work. Do you already have a logo and just need a website? Or do you need both a logo and website?

Why would you be an excellent recipient of a new logo and website? How will this design work benefit your organization?

What is your design aesthetic? Are there examples of logos or websites that you like?

What is the best way to contact you?

Lightroom will accept applications from all interested non-profit organizations.
The deadline for receiving all applications is **Tuesday, March 15 at 5:00pm.**

Questions? Call (404) 377-6889

We are looking forward to receiving your applications and working with you!

"...it is clear that nonprofits can be invaluable clients and partners for those in the for-profit world, and that, in partnership, the design community and the "do good" community can become indispensable to one another. Together they can catalyze systemic change, empowering people to live their best lives."

-John Cary, executive director
of Public Architecture
